

## Help for Families ... *Now!*

Please mention our school's **Golden Rule Plan** to people:

- This program offers confidential help to families who are seriously **committed** to Christian education for their children, based on their private budget needs.
- It's a great way to help **homes** throughout the area with their kids' (and grandkids') schooling at a reduced cost.
- Our PCS Board looks forward to sitting down with parents and/or grandparents and discussing an individual **plan** just for them.
- Simply have them call the office for more information, (815) 842-1322 !
